

International Horizon

As summer vacations are going to end soon, MISiS is once again busy planning great events for our domestic and international students. This fall we expect the arrival of a large number of new students ready to join our MISiS family. We are very much excited to welcome them all.

We would be very happy if you provide feedback on what interests you, publications that you have found useful, or problems that you have encountered. All contributions are most welcome and could be included in future editions. Please forward them directly to mp@mis.ru

Welcome to our Newsletter August 2017 edition! Everyone is enjoying their vacations with families and friends. As soon the vacations in Moscow will be finished, everyone will return to their normal routine. This was a time when no one left a chance to enjoy their time whether going on some trips or spending time with their loved ones. Students at MISiS also aren't leaving any chance to enjoy their summer break.

Top Stories of the Month

Nanotechnologies are becoming more popular among applicants. NUST MISiS has summarized the results of the 2017 admission campaign. According to the 2017 admissions campaign, 633 applicants were enrolled in NUST MISiS's 15 areas of studies.

We are very much excited to welcome our new international students joining us this fall!!!!!!

NUST MISiS, one of the leading universities in the fields of materials science and IT-technologies, organized a summer school. Summer programs continue to increase in popularity among international students. This summer, more than 100 students from China, Netherlands, Germany, Greece and other countries participated in two NUST MISiS summer schools.

On July 9th — 10th, 2017, for the first time in Russia, NUST MISiS hosted the international Maker Faire Moscow. The festival gathered more than 200 participants from around the world, who presented their best achievements in engineering.

The first **Moscow Mini Maker Faire**, which attracted more than 5,000 visitors and 90 makers, was held last summer (2016) at NUST MISiS.

International Horizon

Attention:

Visa & Registration: Those who departed Moscow for vacations are requested to come to the International Office as soon as they arrive back to Moscow to register themselves within three working days. **Details:** <http://en.misis.ru/campus-life/regulations/>

Dormitory: All second-year students are requested to pay their dormitory's fees on time. Otherwise, they will be transferred to other dormitories.

MISIS regularly arranges several very informative seminars and conferences for its students, so that presenters and students can benefit from their research and can exchange ideas with each other. This fall, MISIS has once again invited gifted scientists who will share some interesting work with us. **Details:** <http://en.misis.ru/>

The **3rd International Festival of Fireworks "Rostec"** will bring together leading pyrotechnics around the world. Teams from eight countries (Russia, Austria, Armenia, Brazil, China, Romania, Croatia and Japan) will fire off about 60,000 volleys into the sky, which is 10,000 more than last year. About 27 tons of fireworks will be used in the competition. Fireworks will reach a height of 200 meters. **Details:** <http://pyrofest.ru/eng>

Moscow traditionally celebrates its founding in early September. In 2017, the city celebrates its 870th birthday. There will be about 1,000 different events and activities including parades, fairs, street entertainment, sports contests, and live music concerts. Several events will also be held in Moscow parks such as **Kolomenskoye, Tsaritsyno**, etc. **Details:** Different locations around Moscow

A **Tank Biathlon** is a military sport with some similarities to the winter sport of biathlon. Tank crews will show the skills of navigating rough terrain and the ability to provide accurate and rapid fire while performing maneuvers. The crews participate in pursuit, individual races, and sprints among other events. There are also competitions for tank crewmembers. "Tankmen" compete in long-distance running races and obstacle courses. **Details:** www.rbth.com

Moscow recently hosted a cultural program/festival devoted to flower arranging, gardening, and culinary workshops in dessert making. Sweets and flowers were the central theme of the event. Festival organizers designated nearly every day of the festival to a separate topic. The festival opened with International Cake Day, celebrated worldwide on 20 July. **Details:** <https://www.mos.ru/>

Thought of the Month:

"August rain: the best of the summer gone, and the new fall not yet born. The odd uneven time."

Student Services Hours - Have something to discuss or want to talk privately? The International Office holds office hours every Monday afternoon from 2:30PM to 4:00PM.

Thank you to everyone who submitted photos and articles for this edition!
