COMMUNICATIONS AND INTERNATIONAL PUBLIC RELATIONS

ИСИС

УНИВЕРСИТЕТ
НАУКИ И ТЕХНОЛОГИИ

2024

The program focuses on the promotion of scientific innovations, products and technologies through interaction with business, government and international organizations. You will receive profound training in diverse disciplines, including:

- INTERCULTURAL COMMUNICATION
- CORPORATE COMMUNICATION
- COMMUNICATION MANAGEMENT
- RESEARCH AND EFFICIENCY EVALUATION IN PUBLIC RELATIONS
- STRATEGIC MARKETING
- PUBLIC SPEAKING
- INTERNATIONAL RELATIONS
- DIGITAL COMMUNICATION

SKILLS AND CAREER OPPORTUNITIES

The program will equip you with the knowledge and skills required for effective communication with target audiences of public, private and non-profit organizations. You will be able to increase recognition, popularity and use of innovative and established products and technologies at a local, national and global scale. You will also help to pave the way for implementation of scientific discoveries and breakthrough ideas. Our graduates may successfully work in PR or communications departments of industrial enterprises, universities, or research institutes, as well as communications agencies.

Throughout the program students will communicate with PR professionals, attend master classes, complete practical assignments and visit various organizations.
