

Welcome to our Newsletter of 2018 July edition! On 28 June 2018, NUST MISIS organized its Convocation 2018 with a grand opening ceremony. We are pleased to announce that all of our domestic and international students graduated with flying colors. We are glad to have such brilliant students in our MISIS family. We wish them the best of luck in all their future endeavors!

## Top Stories of the Month

This year the “Graduation Ceremony” of NUST MISIS was arranged on 28th June 2018. We wish all the graduating students a bright future and hope that they will achieve their goals, both professionally and personally.

More than 500 students of our beloved NUST MISIS today will celebrate their graduation 🎓!

### **Dormitory:**

All graduating students planning to stay longer than currently indicated in their agreement contract need to inform the International Office to make a new contract to extend their stay in their dormitory.

## **NUST MISIS's Young Scientists First in the World Create MAX Phase with Magnetic Properties:**

For the first time in the world, a group of young scientists from NUST MISIS have managed to synthesize a unique MAX phase with the inclusion of elements atypical for this class of substances — vanadium and iron. The innovative composition will provide the MAX phase with additional magnetic properties. The resulting hybrid material will be used in cutting-edge spintronics and micro-electronics.
