

# Instructions for Applicants

QUIPMENT SETUP AND  
IDENTITY VERIFICATION

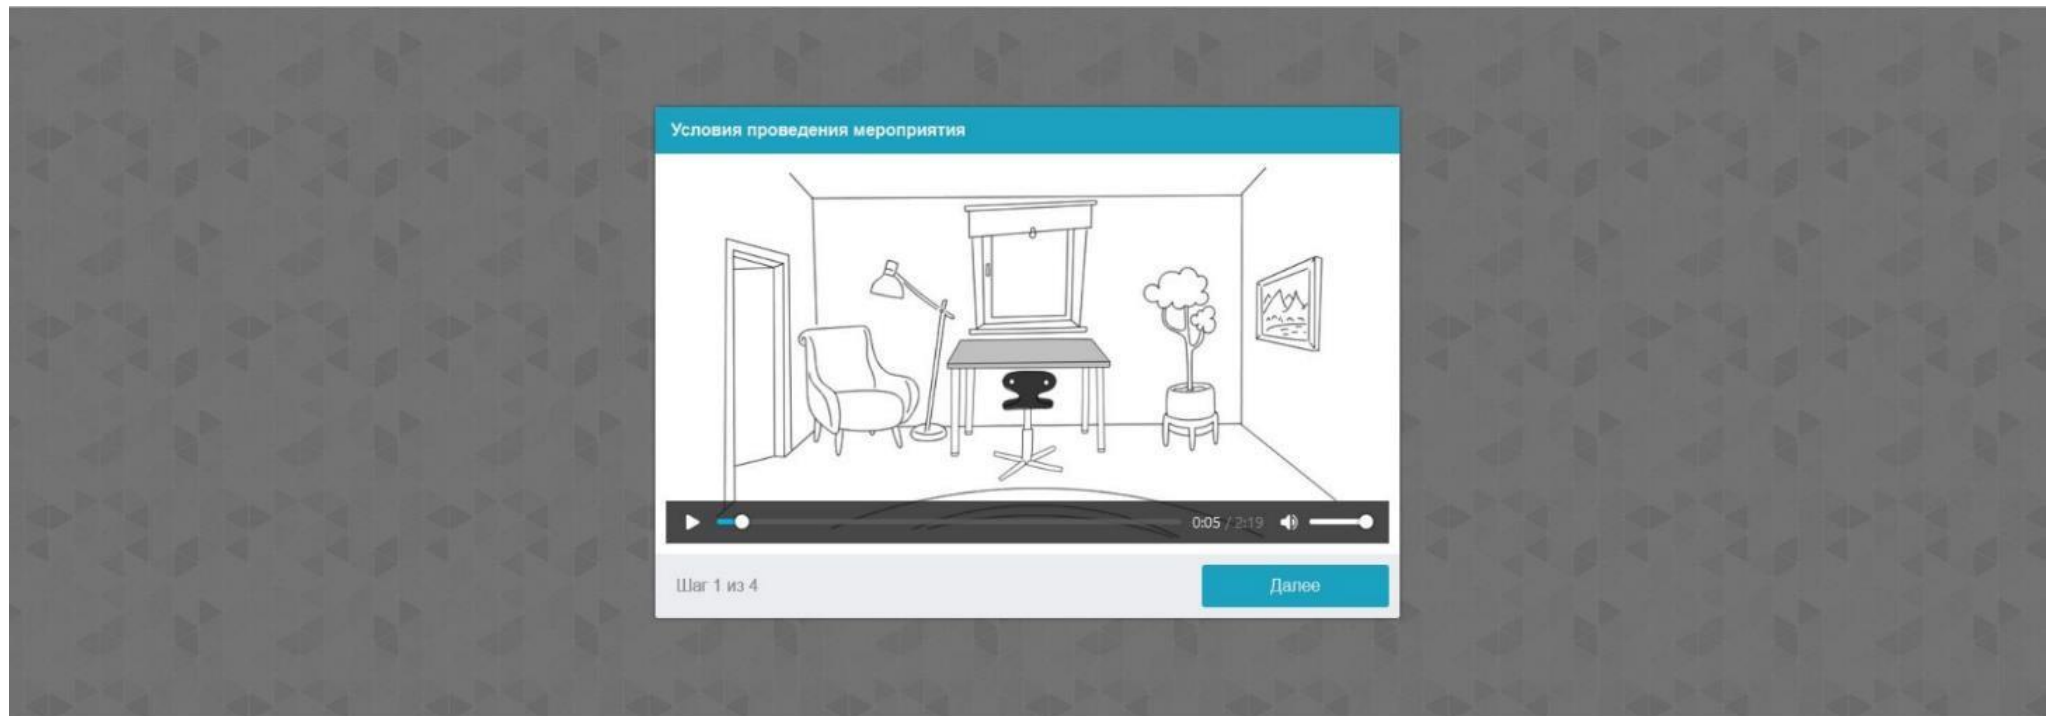

# 1. STARTING WORK

Open the task «Step 1 / Шаг 1» Equipment Setup and Identity Verification.  
Click the «[Download Step 1 / Загрузить Шаг 1](#)» button to proceed.

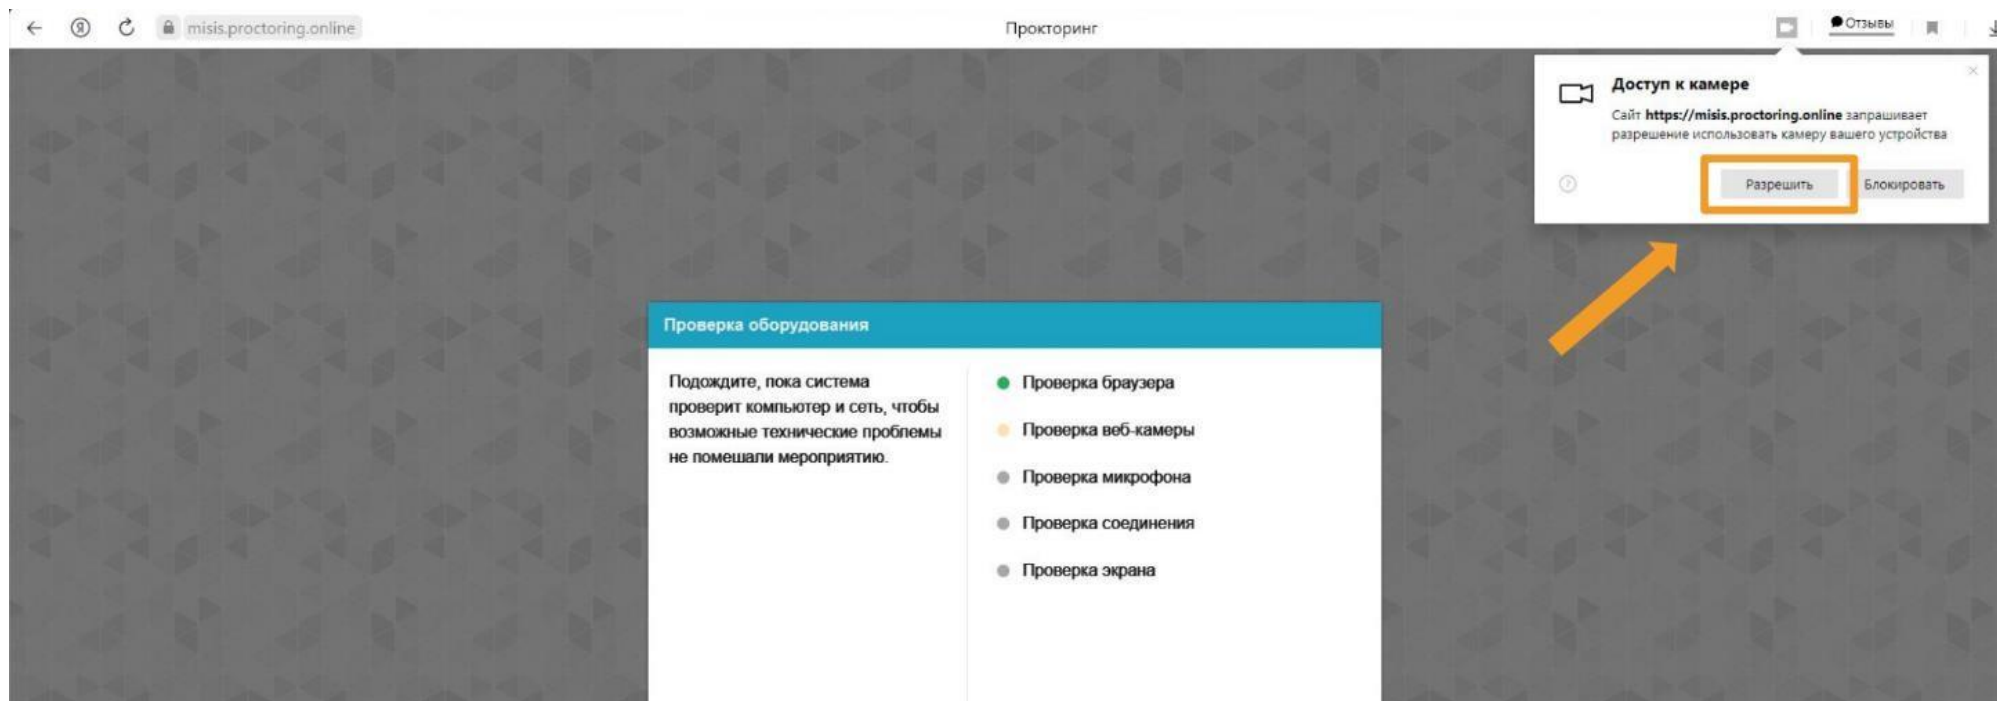

## 2. VIDEO INSTRUCTIONS

Review the proctoring system video tutorial and click «[Next](#) / [Далее](#)»

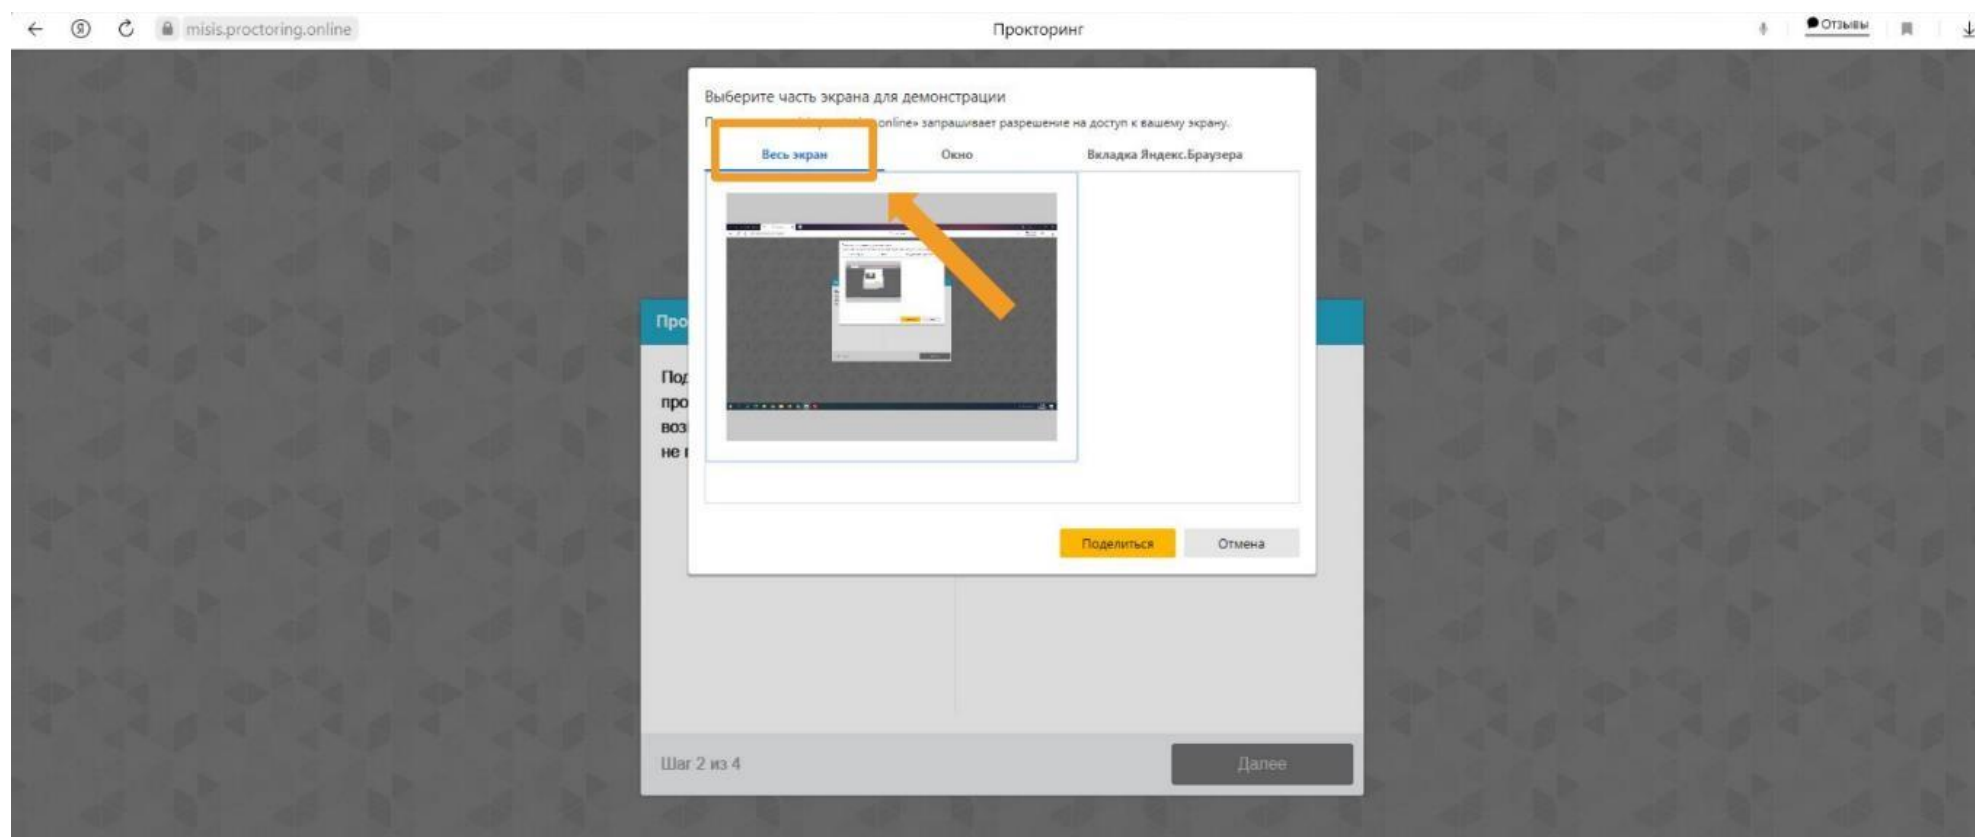

### 3. BROWSER PERMISSIONS

Next, the system will request access to your **microphone**, **webcam**, and **screen**. Pop-up windows will appear at the top of the screen—click the «*Allow / Разрешить*» button multiple times.

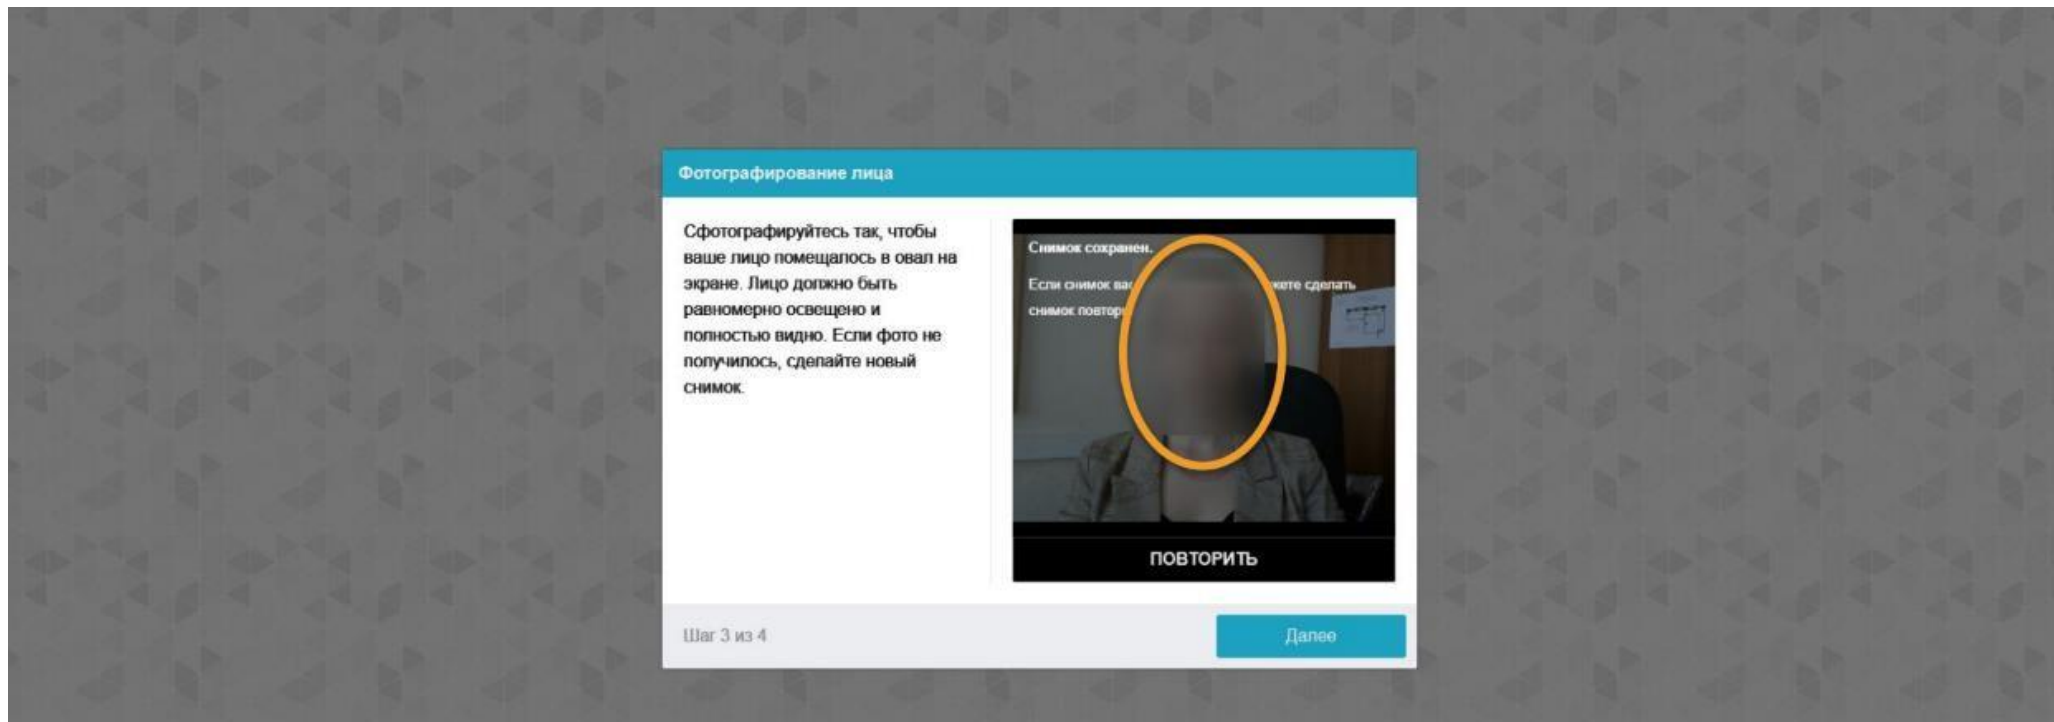

## 4. Screen Verification

When the system requests screen access, select «Entire Screen / Весь экран».

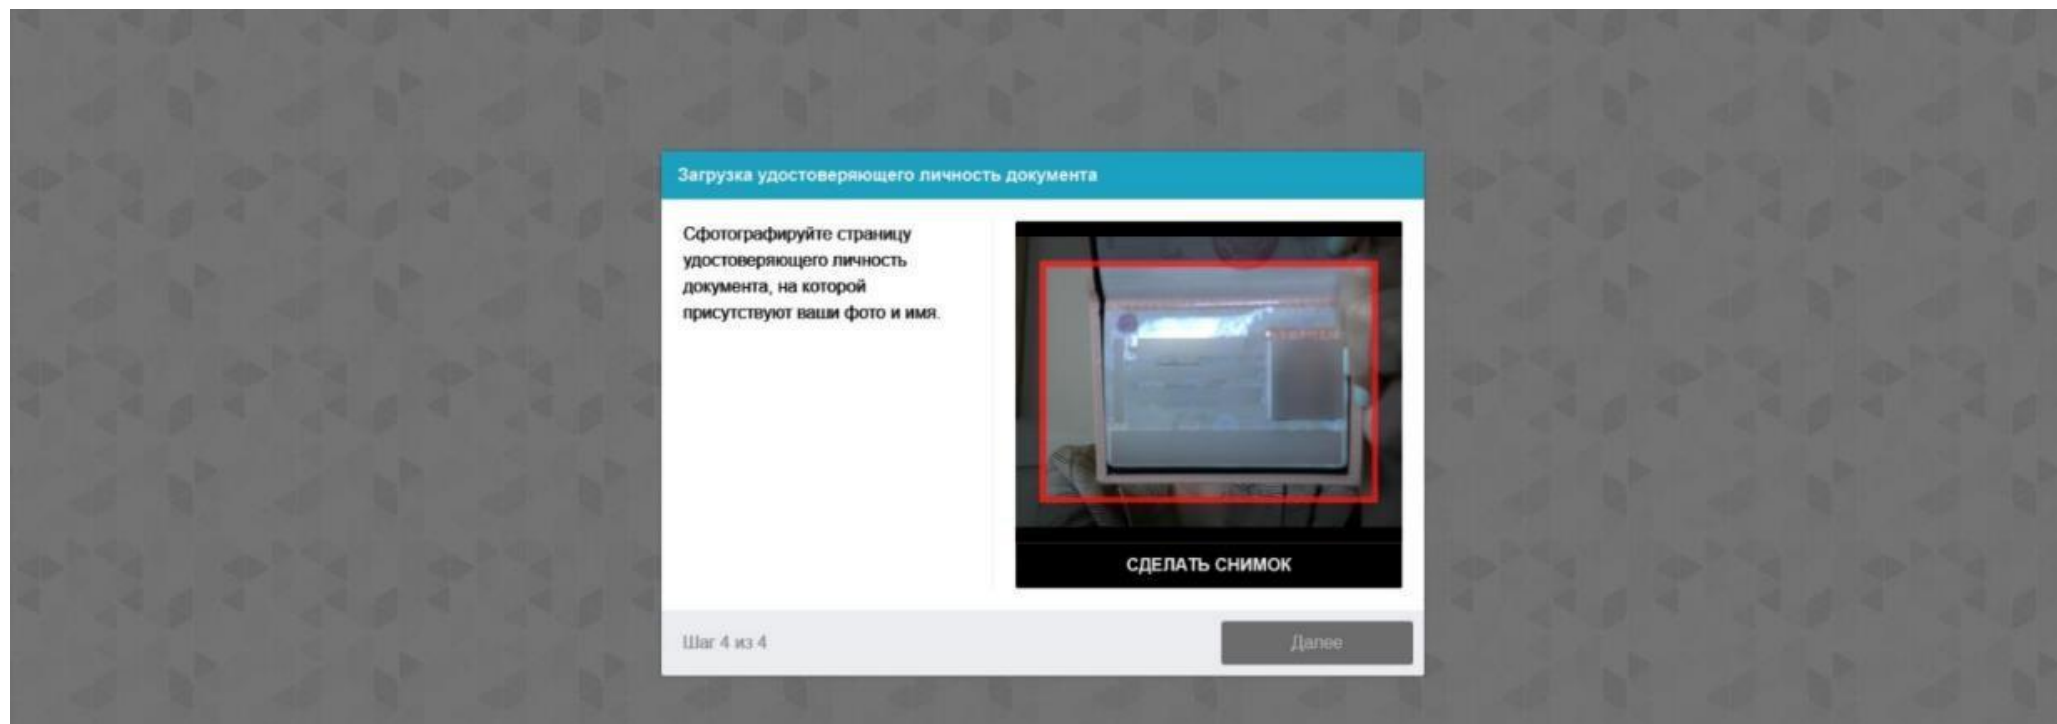

## 5. Facial Photography

Next, you will need to take a photo of yourself, trying to comply with the system requirements as accurately as possible.

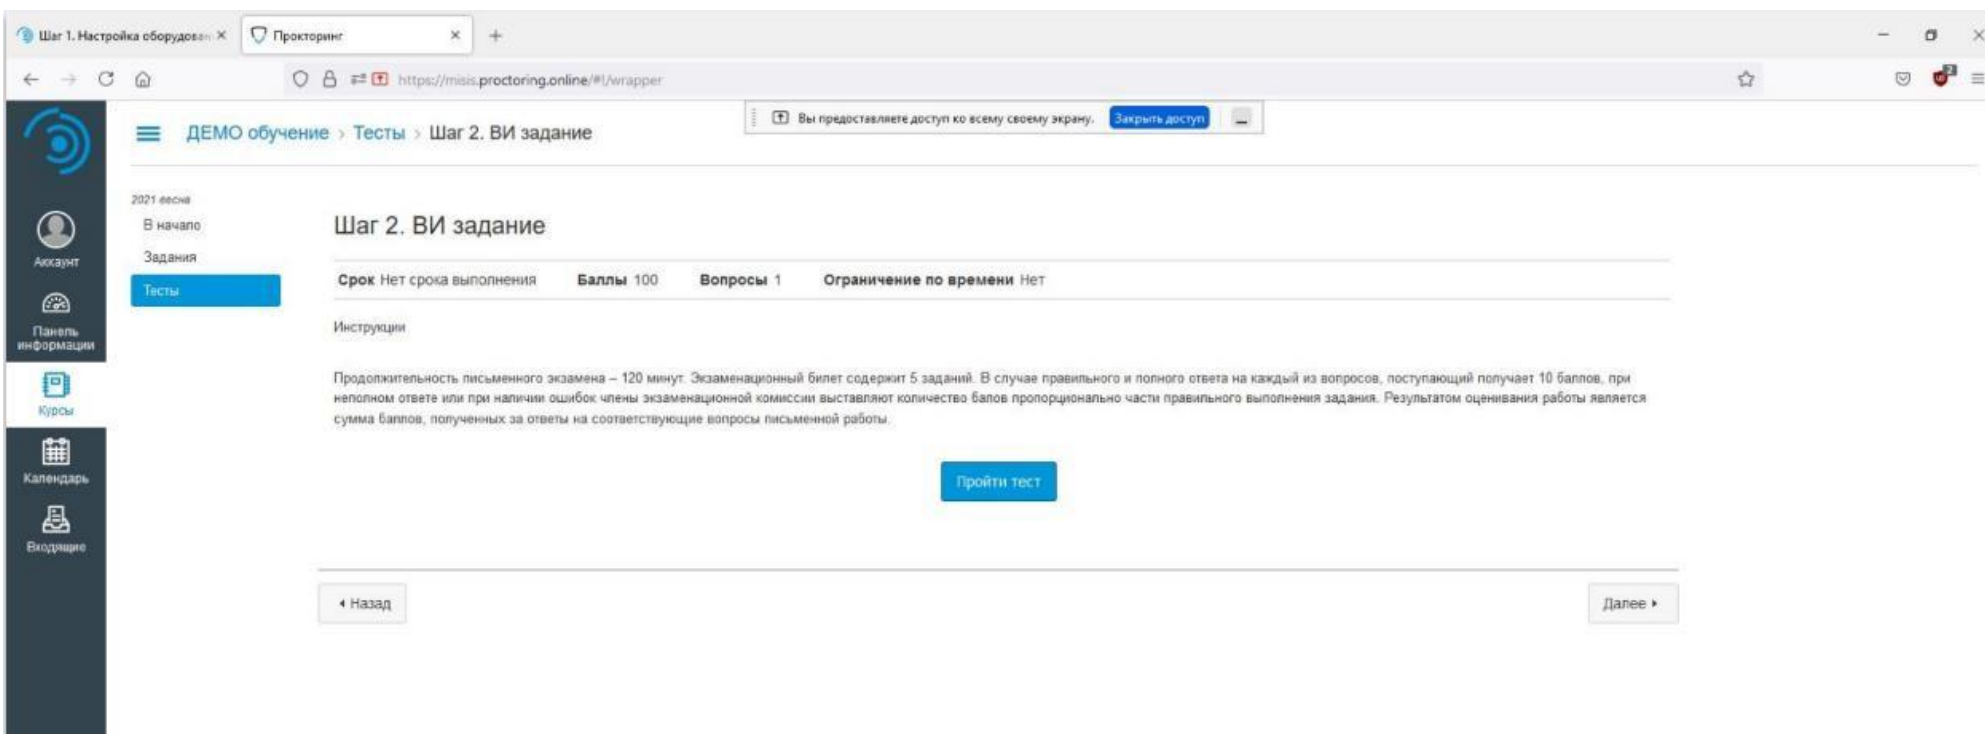

## 6. Passport Photo Capture

Next, take a photo of the passport page containing your photograph and full name.

## 7. Commencement of the Entrance Examination

Upon successful identity verification, the system will display a window containing the «Start Test / Пройти тест» button.

## 8. Proctor Chat & Violations

In the bottom-left corner, hovering over your photo will display a chat icon. **Click it to open a conversation with the proctor (1).**

Additionally, if testing rules are violated, the system will flag violations—for example, **detecting an unauthorized person in the room (2).**
